

May 15, 2017

Mr. Peter Glaudemans
Head Coach, Boys Soccer
Eastern Technical High School
1100 Mace Avenue
Baltimore, MD 21221

Dear Coach Glaudemans,

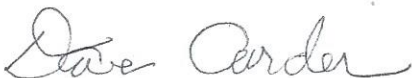

I'm writing this note on behalf of Jerry Tana, who I understand is in consideration for a post on your coaching staff. I've worked with Jerry in soccer for over 15 years, and I've known him for nearly 20 years as a friend, neighbor, and youth sports colleague in north Baltimore County.

Jerry is a tireless worker, and his energy for coaching has known no bounds in the years we've worked together with Baltimore SC club teams, and while watching his teams play at Dulaney High School. I've seen first-hand his ability to develop players into top flight performers – both my sons played club for Jerry over nearly 10 years, with the older contributing to Loyola Blakefield as a three year starter and senior captain, and the younger leading the Dulaney boys to the 2014 Baltimore County crown as a center back and captain. Jerry has consistently gotten more winning out of lesser-talented groups of players than virtually any other top-level coach in our metropolitan area.

Quite probably a more important skill that Jerry possesses is that his teams always play hard for him, and they invariably have great fun while competing, both in practice and in matches. He is demanding with his critiques when required. We started the Baltimore SC in 2003, so I've observed him lead many different age groups of both boys and girls to tournament titles and other successes consistently, and these teams all had great overall experiences, which also includes the larger, sometimes more difficult group of parents in these settings.

I can give the strongest recommendation that Jerry will add positive energy and results to your successful program. Good luck through 2017 and beyond.

Sincerely yours,

Dave Carder
Past President, Baltimore Soccer Club
